PATRIOT PAPILLON CLUB, INC. MEMBERSHIP GUIDELINES

I. POLICY

- A) Each member of the Patriot Papillon Club (PPC) will consider the welfare of the breed when engaged in any activities involving breeding, exhibiting, training and selling of Papillons. Members will refrain from any activities which would be prejudicial to the best interest of the breed and the PPC.
- B) Every member shall, at all times, whether at home, traveling to shows or at motels, conduct himself/herself in such a manner as to reflect credit on the sport of dogs and on Papillons in particular.
- C) All members shall abide by the Constitution and By-Laws of the PPC and by all the Rules and Regulations of the American Kennel Club.
- D) It is the responsibility of knowledgeable and experienced members to assist novices. Novices should be encouraged to seek this assistance and to attend meetings/functions of the PPC.
- E) The Patriot Papillon Club, Inc. will not allow the use of its name in connection with any type of advertising by a PPC member.
- F) The Patriot Papillon club will not accept applications from persons who have been suspended or sanctioned by the AKC within a two year period prior to submission of said application.
- G) The following are requirements which must be met for Full Membership:
 - 1. Home inspection by one or both of an applicant's sponsors. Said sponsors must be PPC Members in good standing. This must be done prior to further processing of an application.
 - 2. Applicants are required to attend three (3) club functions during the year in which they apply. One of these functions **MUST** be a club meeting.
 - 3. Our Specialty weekend **DOES NOT** count as three functions. We offer one specialty, as defined by PPC.
- H) The above requirements **DO NOT** apply for those wishing to join as Associate Members. Associate Memberships are open to those who feel they cannot meet all the requirements for full membership status. They may be unable to attend most of the functions/activities/meetings we offer. Associate Members may not vote on changes to our Constitution, and By-Laws: nor on new applicants for membership nor can they hold office. However, they can vote for judges, events and they can work on committees if they so choose.

II BREEDING

- A) For the purpose of the Membership Guidelines, a person is considered a breeder if he/she produces one or more litters of Papillons, or uses his/her male to produce one or more litters of Papillons.
- B) The owner of a stud dog must use discretion in contracting the services of his/her dog. A stud owner's moral obligations extend to the puppies sired by his/her males. Therefore, he/she should discourage the person who wants to breed an inferior quality bitch and explain why he/she does so. He/she should also ascertain that the owner of the bitch has the proper facilities to care for the puppies.
- C) Animals used for breeding should be in good health and physically and temperamentally sound; they should be free from known hereditary defects.
- D) No Papillon or litter shall be offered for consignment or resale to pet stores, animal brokers/agents

or sold for commercial use. (PPC recommends no papillon puppy be placed before 3 months of age)

- E) Papillons sold as pets (not to be used for breeding) must be sold with a spay/castration contract or with the A.K.C. non-breeding registration. Sellers should note in contract that if owner is unable to keep dog, it will be the obligation of the seller to assist in the placement of the dog in question. (i.e., rescue your own)
